emperance Sunday Observed Greeneville Congregational Sunday School.

A temperance programme was ob-served in honor of Temperance Sun-day at the regular session of the Sunschool of the Greeneville Congregational church. There was an at-tendance of 163 and all were interested in the programme, which consisted of singing, readings and recitations by members of the school. The hour was opened by the superintendent, O. W. Carpenter, who announced that the first number would be the hymn Yield Not to Temptation. The song Victory in My Soul was then super by the in My Soul was then sung by the school, and this was followed by the scripture reading, taken from Hosea 7. which was led by Mr. Carpenter. A prayer was offered by the pastor, Rev. Charles H. Ricketts, followed by a rief address by Mr. Carpenter. said it is well that we have a temper-ance lesson in the Sunday school once in a while, but they are brought home ous every day of our lives. He told ow strong drink made beasts of men, ausing them to lose their senses. Not any weeks ago a man in this town id a good position, but his employer uld not keep him because he drank.

after losing his position here he went west and in a drunken rage attacked woman there with a razor, nearly dilling her. He was arrested and in now locked up on the charge of attempting manslaughter. That man has a wife and 11 children. It is not he only that is suffering because of his evil habits, but his family also. Fred leming then gave a reading, The reat Destroyer, which told of the normous number of deaths caused by he use of liquors. More people are lestroyed by this agent than by all he wars of the world. This was followed by Mamie's Prayer, given by Miss Lilian Karkutt, Fred Townes gave a reading, Uncle Sam's Taxpayers, which told of the great liquor tax paid by the consumers into the United states treasury, large enough to pay the year's salaries of many of the en ployes of the government. A son Lullaby, Lullaby, Mother is Near The ONE OF WELL KNOWN was beautifully rendered by Miss Mar-

Armor Plated, by Thomas Sears, and Alcoholic Drinks and Cigar ettes, by Potter Gorton, were followed by a song, A Saloonless Nation, by the quartette, composed of O. W. Carpen-ter, Archibald MacDougall, Miss Nellie Crowe and Mrs. L. O. Potter. Temperance literature was then distributed to those present and the pastor gave a helpful talk on the food-giving qualities of beer compared with flour. He explained from a diagram on the wall that beer gave only 2 per cent, food value, while flour gave 88 per cent. food value, and that beer cost four times as much as flour. He said that he receives many notices from firms asking him to provide information about young men who may be trying o gain employment with them and in variably the first question is Does the young man drink? The pastor concluded by saying that if a young man drinks it is almost impossible for him to get a position. The superintendent

If any state statutes provide for more liberal compensation than is provided under the benefit plan the statutory provision will prevail. Where the employes have legal rights, as in come accident cases, they will have the option of exercising such rights or ac-tepting the company's benefits.
